

Jaeho Choi

M.S. Student, Sogang University, Seoul, Republic of Korea

wogh1217@sogang.ac.kr — +82 10-6319-3924 — www.linkedin.com/in/jaeho-choi99/ — AIFinLab

RESEARCH INTERESTS

Macroeconomics, Monetary Policy, Spatial Econometrics, Bayesian Econometrics, AI-Driven Economic Modeling

EDUCATION

Sogang University, Seoul, Republic of Korea
Master of Arts in Economics

September 2024 — Present

Incheon National University, Incheon, Republic of Korea
Bachelor of Science in Consumer Science
Bachelor of Business Administration
Bachelor of Economics
Honors: Graduated with Highest Honors (2/14 dept.)

March 2019 — August 2024

ACADEMIC EXPERIENCE

Sogang University, Department of Economics
Graduate Research Assistant / Researcher, AIFinLab

Seoul, Republic of Korea
Sep 2024 – Present

- Conduct research on monetary policy stance modeling using central bank communications (e.g., Beige Book, FOMC statements).
- Build and curate text datasets; design labeling protocol for Hawkish/Dovish/Neutral and rationale annotations.
- Fine-tune large language models (LLMs) for stance classification and rationale generation; analyze faithfulness and calibration.
- Evaluate models with classification metrics and robustness checks; prepare research reports and manuscript drafts.

Sogang University, Department of Economics
Teaching Assistant Coordinator (Graduate Program)

Seoul, Republic of Korea
Spring 2025 — Summer 2025

- Coordinated TA assignments and graduate-program operations; served as the primary liaison among faculty, TAs, and students.
- Supported admissions/interview processes including administrative and logistical setup.
- Facilitated onboarding and academic support for incoming graduate students (program requirements, resources, and adaptation).

Sogang University, Department of Economics
Teaching Assistant (TA)

Seoul, Republic of Korea
Fall 2025 — Present

- TA for four courses: **AI Finance** (Undergraduate), **AI Finance** (Graduate), **Big Data Analytics for Financial Markets** (Undergraduate), and **Deep Learning for Network Economics** (Graduate).
- Held office hours and Q&A sessions; supported lectures and course administration.
- Assisted with programming labs and empirical/deep-learning exercises (Python); managed assignments and grading.
- Provided feedback on term projects (data analysis/modeling) and presentations; maintained course materials.

PROJECTS

GRPO-Based LLM Alignment for FOMC Policy Stance & Rationale Generation
Project Lead / Researcher

Seoul, Republic of Korea
Fall 2025 — Present

- Presentations(Scheduled) :
 - 18th WEAI International Conference (Presenter, Bangkok, April 2026)

Network Economics: Fiedler Value as a Systemic Connectivity Indicator
Research / Implementation Project
Bayesian GVAR with COVID-19 Time-Varying Volatility and Spillovers
Research Project

Seoul, Republic of Korea
Fall 2025 — Present
Seoul, Republic of Korea
Fall 2024 — Present

PUBLICATIONS

In Preparation

- Jaewon Kim, Daemin Park, Seyoung Chung, **Jaeho Choi**, Chaeshick Chung, & Yoonsoo Lee. *Working title: “AI Fed: Bridging AI and Experts Through a Monetary Policy Reasoning Framework.”* Manuscript in preparation.
 - Presentations(Scheduled) :

* 18th WEAI International Conference (Presenter, Bangkok, April 2026)

- **Jaeho Choi** & Jaeho Kim. *Working title: “Bayesian GVAR with COVID-19 Time-Varying Volatility and Spillovers.”* Manuscript in preparation.

Submitted

- **Jaeho Choi**, Jaewon Kim, Seyoung Chung, Chae-shick Chung, & Yoonsoo Lee. *Working title: “Does FOMC Tone Really Matter? Statistical Evidence from Spectral Graph Network Analysis.”* Submitted to *AISTATS 2026* (Under Review).

SKILLS

- **Programming:** Python, MATLAB, SQL, $\text{\LaTeX}$
- **Software:** Stata, MATLAB; Git/GitHub, Linux, Jupyter, VS Code
- **Soft Skills:** Academic writing & presentations, teaching assistance, coordination/administration, teamwork, project management
