

Jaeho Choi

Phd. Student, Sogang University, Seoul, Republic of Korea
wogh1217@sogang.ac.kr — +82 10-6319-3924 — Personal Website — AIFinLab

RESEARCH INTERESTS

International Macroeconomics, Macroeconomics, Bayesian Econometrics, AI-Driven Economic Modeling

EDUCATION

Sogang University, Seoul, Republic of Korea September 2024 — Present
Phd Economics

Sogang University, Seoul, Republic of Korea September 2024 — August 2026
Master of Arts in AI financial Economics

Incheon National University, Incheon, Republic of Korea March 2019 — August 2024
Bachelor of Science in Consumer Science
Bachelor of Business Administration
Bachelor of Economics
Honors: Graduated with Highest Honors (2/14 dept.)

ACADEMIC EXPERIENCE

Sogang University, Department of Economics Seoul, Republic of Korea
Graduate Research Assistant / Researcher, for Professor Sookyung Woo(Sogang University) April 2026 – Present

- Empirical Analysis for Trade dispersion across Country.

Sogang University, Department of Economics Seoul, Republic of Korea
Graduate Research Assistant / Researcher, AIFinLab Sep 2024 – Present

- Conduct research on monetary policy stance modeling using central bank communications (e.g., Beige Book, FOMC statements).
- Build and curate text datasets; design labeling protocol for Hawkish/Dovish/Neutral and rationale annotations.
- Fine-tune large language models (LLMs) for stance classification and rationale generation; analyze faithfulness and calibration.
- Evaluate models with classification metrics and robustness checks; prepare research reports and manuscript drafts.

Sogang University, Department of Economics Seoul, Republic of Korea
Teaching Assistant Coordinator (Graduate Program) Spring 2025 — Summer 2025

- Coordinated TA assignments and graduate-program operations; served as the primary liaison among faculty, TAs, and students.
- Supported admissions/interview processes including administrative and logistical setup.
- Facilitated onboarding and academic support for incoming graduate students (program requirements, resources, and adaptation).

Sogang University, Department of Economics Seoul, Republic of Korea
Teaching Assistant (TA) Fall 2025 — Present

- TA for four courses: **AI Finance** (Undergraduate), **AI Finance** (Graduate), **Big Data Analytics for Financial Markets** (Undergraduate), and **Deep Learning for Network Economics** (Graduate).
- Held office hours and Q&A sessions; supported lectures and course administration.
- Assisted with programming labs and empirical/deep-learning exercises (Python); managed assignments and grading.
- Provided feedback on term projects (data analysis/modeling) and presentations; maintained course materials.

PROJECTS

Two Staged pipeline LLM with leakage robust strategy for FOMC Policy Stance & Rationale Generation
Seoul, Republic of Korea
Project Lead / Researcher Fall 2025 — Present

- Presentations(Scheduled) :
- 18th WEAI International Conference (Presenter, Bangkok, April 2026)

Network Economics: Fiedler Value as a Systemic Connectivity Indicator
Research / Implementation Project Seoul, Republic of Korea
Fall 2025 — Present

Bayesian GVAR with COVID-19 Time-Varying Volatility and Spillovers
Research Project Seoul, Republic of Korea
Fall 2024 — Present

PUBLICATIONS

In Preparation

- **Jeaho Choi** & Sookyung Woo.
Working title : AI and Export
- Jaewon Kim, Daemin Park, Seyoung Chung, **Jaeho Choi**, Chaeshick Chung, & Yoonsoo Lee.
Working title: "AI Fed: Bridging AI and Experts Through a Monetary Policy Reasoning Framework." Manuscript in preparation.
 - Presentations:
 - * 18th WEAI International Conference (Presenter, Bangkok, April 2026)
- **Jaeho Choi** & Jaeho Kim.
Working title: "Bayesian GVAR with COVID-19 Time-Varying Volatility and Spillovers." Manuscript in preparation.
- **Jaeho Choi**, Chaeshick Chung, Yoonsoo Lee
Title: "All talked out Loss-Saliency Saturation and the Price-Relevance of Online Investor Discussion"
 - Presentations:
 - * Korean Economics Review International Conference (Jeju, Korea, June 2026)
 - * Sogang Global Symposium on the Frontiers of Economics (Seoul, Korea, August, 2026)

SKILLS

- **Programming:** Python, MATLAB, SQL, L^AT_EX
- **Software:** Stata, MATLAB
- **Soft Skills:** Academic writing & presentations, teaching assistance, coordination/administration, teamwork, project management
